DIRECTOR AT-LARGE:

Michael Zavislak

Dear Future Sponsor:

On behalf of the South Carolina Section of ASCE, I would like to introduce you and your company to our organization. The South Carolina Section of ASCE was established in 1934, and is part of ASCE National, Region 4 and serves the entire state of South Carolina as well as 3 counties in Georgia. The Section is comprised of 6 branches: Midlands Branch, Eastern Branch, Upstate Branch, Central Savannah River Valley Branch (CSR/V), Grand Strand Branch, and Catawba Branch. We have a current membership of over 1,500 engineers within our section.

Our mission in South Carolina is to keep our engineering professionals and college affiliates abreast of changes within the engineering world and to provide support that will help enrich our communities.

This letter is a request for financial sponsorship from your company for the 2010-2011 year.

The SC Section of ASCE is dedicated to educational enrichment through our Annual Fall Seminar, SC Engineering Conference (joint venture), postings, etc. Through these efforts we are trying to maintain a positive interaction with college students and professionals and provide up-to-date advances in the engineering profession.

As a sponsor you will be able to post a one-page article (technical or special project, etc.) in our newsletter. Your company logo will be included in our monthly newsletters and on our website. In addition, if someone in your company is a member of ASCE and you are located within S.C. you are allowed space to place a few small ads throughout the year.

Annual sponsorship is \$250.00. ***Please fill out the attached form and mail all donations to the indicated address at the top of this page at your earliest convenience.*** Please note that all donations are tax deductible and you will receive a gift receipt for your donation. If you should have any question please contact Charlene Cassidy at CMCassidy@lpagroup.com or me at poree@schnabel-eng.com. We appreciate your time and consideration, and look forward to developing a working relationship with you in the near future.

Charlene Cassidy, P.E.

Pamela Oree, E.I.T.
